**Comment:**

Budget report in home binder reflects income is less than expenses.

**Corrective Action:**

At the time of review there was a technical error in the sum of the income for each month from August to December 2016. I verified and it was brought to the reviewer's attention. I use the calculator manually and it shows that the income is higher than the expenses. But it was not accepted. I was instructed to send a plan of action for the error in addition. Please see attached copy of original Budget Report 2016. Thank you.

A corrected Budget Report has been mailed to CTA on October 26, 2016.

**Plan of Action:**

The home will see to it that the math additions are correct by verifying twice the sum of income and expense for each month.
